Video link:

[HackStack 1.0](#)

Instructions:

- you can simply visit "<http://35.223.60.110:4200/>" for demo
- otherwise:
 1. make sure nodejs, mongodb and angular-cli are installed on your system(mongodb service should be running in background)
 2. run command "npm install" in both the folder 'Backend' and 'Frontend'
 3. navigate to folder Frontend and execute "ng build --prod"
 4. navigate to folder backend and execute "node app.js"
 5. open browser and visit <http://localhost:3000/> to access the website

SignUp

The screenshot shows a web browser window with a dark theme. The address bar indicates a 'Not secure' connection to '35.223.60.110:4200/#/signUp'. The page has a teal background. In the center is a white card with the title 'SIGN UP' in teal. The form contains the following elements:

- First Name: Input field with 'test5'.
- Last Name: Input field with '1'.
- Email: Input field with 'test5@test.com'.
- Company: Dropdown menu with 'Corporate' selected.
- Password: Input field with masked characters '.....'.
- Phone Number: Input field with '123456789'.
- Profile Pic: Button with an upload icon and the text 'Profile Pic'.
- Sign Up: Green button with the text 'Sign Up'.
- Footer: Text 'Already got an account? [login now!](#)'.

The Windows taskbar at the bottom left shows the time as 11:32 AM on 6/5/2020.

SignUp

- Authentication system is based in JWT system. We have refresh token and access token to authenticate user.
- Passwords are never saved in plain text anywhere in the entire application.
- Confirm signup screen is greeted after filling signup form to make sure the data input and image selected are right ones.

Confirm SignUp

The screenshot shows a web browser window with a dark theme. The address bar indicates a 'Not secure' connection to the URL '35.223.60.110:4200/#/signUp'. The browser's taskbar and Windows Start menu are visible on the left. The main content area has a teal background. Centered on this background is a white card titled 'CONFIRM DETAILS' in teal text. Below the title is a profile picture of a man with dark, curly hair and a beard, wearing a blue shirt. Underneath the photo are six input fields arranged in two columns. The left column contains fields for email (test5), full email (test5@test.com), and password (masked with asterisks). The right column contains fields for phone number (1), company (Corporate with a dropdown arrow), and a confirmation code (123456789). At the bottom of the card are two buttons: a red 'Back' button on the left and a green 'Confirm' button on the right. The Windows taskbar at the bottom left shows the time as 11:32 AM on 6/5/2020.

ToDo

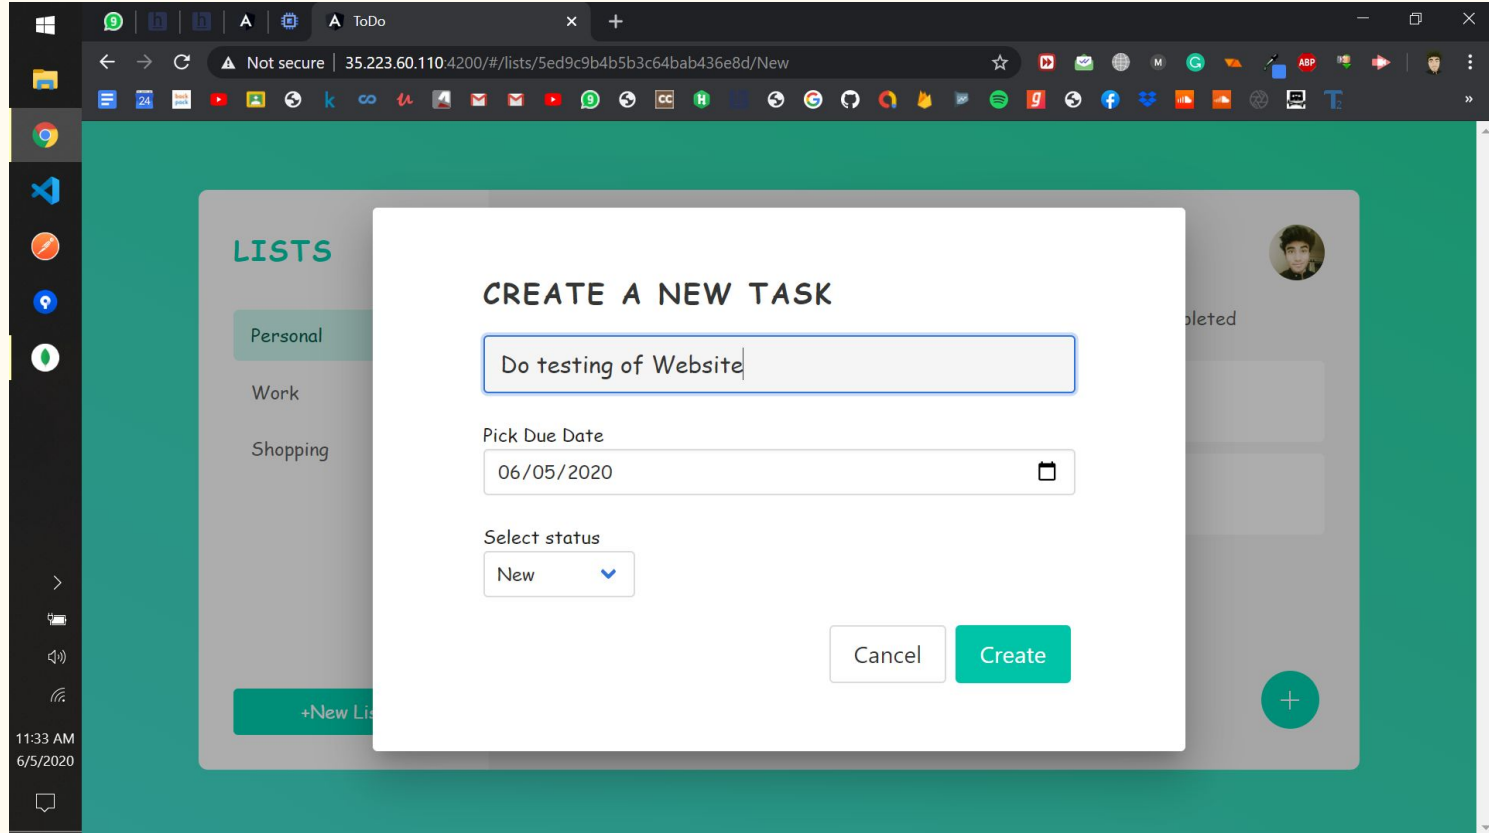

ToDo

- You can create List.
- You can create task in list(more on task later)
- You can view user profile/logout from here
- You can delete a list or task as well

Profile

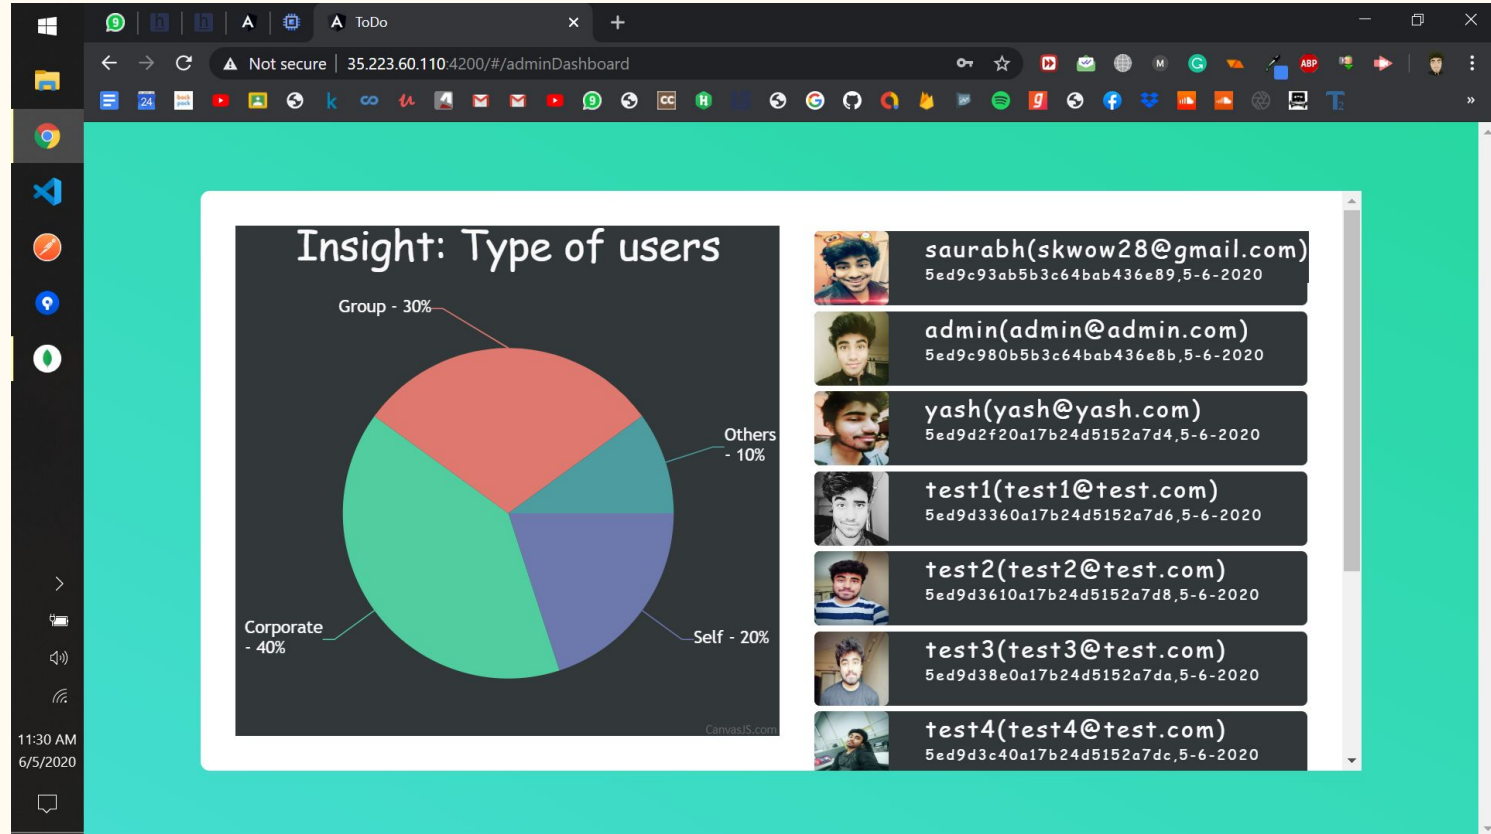

Add Task

Add Task

- Task has 3 attributes
 - Title
 - Due date
 - status(new, progress, completed)
- You can update task attributes or delete a task
- Tasks are sorted in list, according to type and due date(i.e. Tasks with earlier deadline are up in list.)

Admin Dashboard

Admin Dashboard

- Can be accessed only by admin profile
- Give an insight on type of users
- List of users
- On clicking user, you can access user profile
